

GRACIE MOYES

INDEPENDENT SINGER-SONGWRITER

I'm Gracie Moyes, an independent Welsh (English language) pop singer-songwriter. I write music inspired by imagination, storytelling and personal experiences, exploring themes from fictional relationships to real topics like ableism and anxiety. My debut EP *New Era* introduced my songwriting style and creative world, and I continue to release music that blends honest lyrics with cinematic pop sounds. Alongside writing and recording, I love building the visual side of my music and sharing my journey as an independent artist online.
